

ASPET.ORG

American Society for Pharmacology and Experimental Therapeutics (ASPET)

- Founded in 1908
- Approximately 4,000 members who conduct basic and clinical pharmacological research and work for academia, government, large pharmaceutical companies, small biotech companies, and non-profit organizations

Vision & Mission

Vision: Pharmacology is an essential integrative discipline that creates new knowledge about drug action and translates those discoveries into novel therapeutics. In order to improve health and cure disease, ASPET will be an advocate for everyone practicing this discipline.

Mission: To be the professional home for educators, students, researchers, healthcare practitioners, and other professionals working to advance pharmacology research, exchange knowledge, and increase the impact and influence of this scientific discipline.

ASPET Council

Margaret E. Gnegy, PhD
President

Michael F. Jarvis, PhD, FBPhS
President-Elect

Charles P. France, PhD
Past President

Carol L. Beck, PhD

Executive Officer

Strategic Plan Highlights

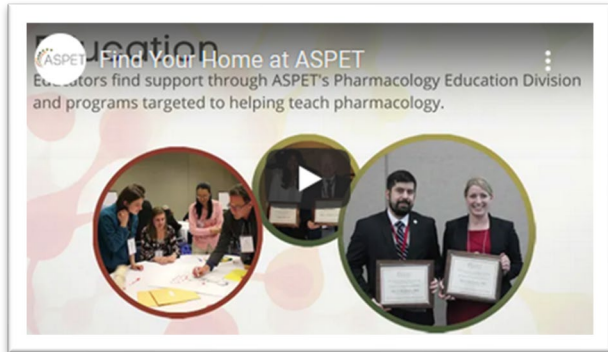

Promoting Pharmacology & ASPET

Promoting
Pharmacology
and ASPET

ASPETConnect

- Exclusive members-only online community for networking, discussions, online learning, advocacy efforts, access to webinars, and more

Member-Centric Focus

- Highlight members and their achievements on the ASPET website, newsletters, membership magazine, social media, and more to promote ASPET and the important work our members are doing

Attracting the Next Generation

- Explore Pharmacology/What is Pharmacology Video
- Young Scientists Committee Outreach Events
- Summer Undergraduate Research Fellowships (SURF)
- ASPET Mentoring Network
- Career Development Webinars

Attracting
and
Developing
the Next
Generation

Meetings

Reimagining
the Annual
Meeting
Experience

- Focus on Pharmacology Virtual Series
- Annual Meeting at Experimental Biology 2022
- ASPET 2023 – Independent ASPET meeting
- International meeting collaborations

Journals

- 4 wholly owned ASPET journals
- *PR&P*, open access journal, in collaboration with BPS and Wiley
- Diversity an important focus for editorial boards and Publications Committee
- Increase submissions

Science Policy

- Science Policy Committee
 - Federal funding for research
 - Animal research
 - Drug policy
- Coalitions
- Washington Fellows Program

Strengthening ASPET

Diversity, Equity, and Inclusion

DEI Task Force initiated in 2021

Chair: Martha Davila-Garcia, Howard University

Goal: ASPET will provide a welcoming mentoring, networking, and professional hub to promote, advance, and support a diverse pharmacology workforce
