

The Society for the Study of Reproduction (SSR)

A Sustainable World Through the
Science of Reproduction, Fertility, and Development

Brief Overview of SSR

Founded in 1967 to promote the study of reproduction by:

- fostering interdisciplinary communication among scientists
- supporting trainees in reproductive sciences
- FASEB Member since 1998
- website: www.ssr.org

Membership

- 1,259 Active Members
- 815 Professional Members
 - Regular
 - Emeritus
 - Affiliate
 - Associate
- 444 Trainees
 - undergraduate
 - pre-doctoral
 - post-doctoral

SSR Members

- 70% United States
- 30% International

Leadership Structure

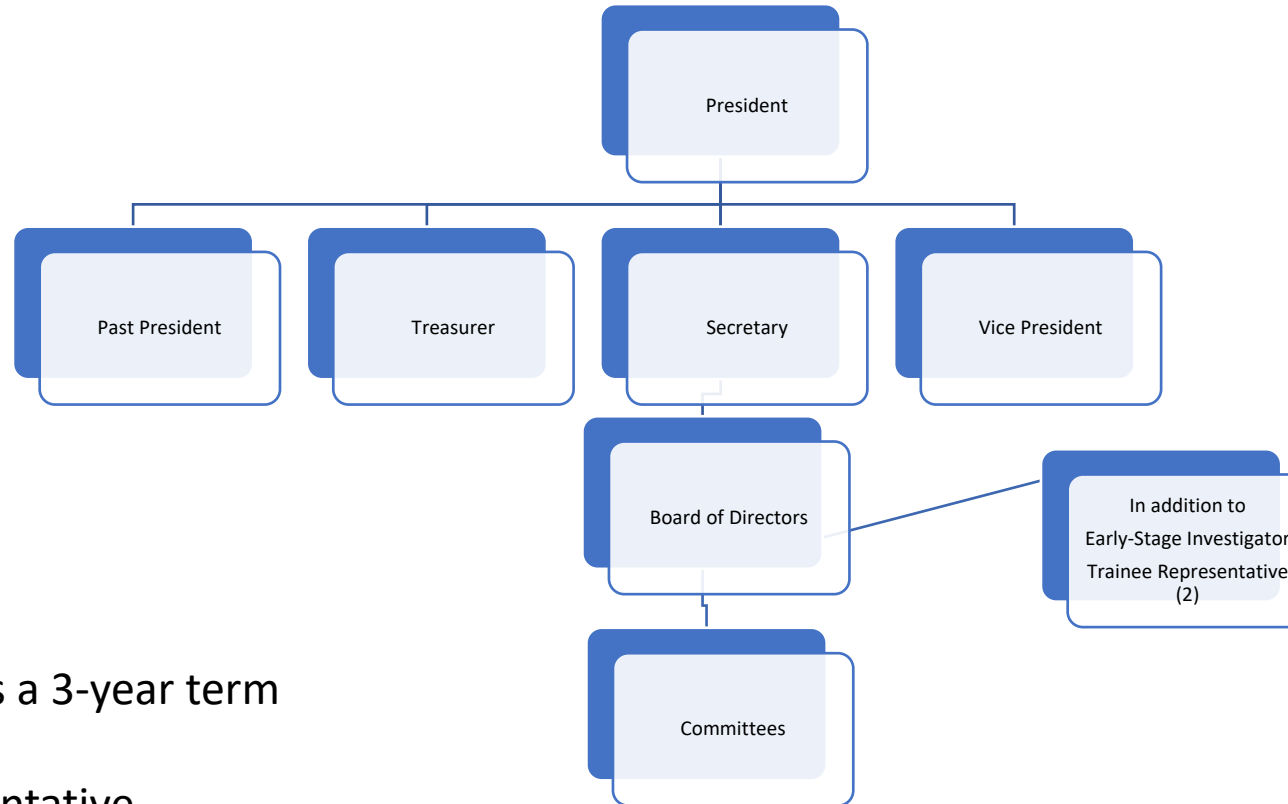

- Executive Council

- President
- Past President
- Vice President
- Secretary
- Treasurer

- Board of Directors

- Six (6) Regular members
 - Each member serves a 3-year term
- Trainee representatives
- Early Investigator representative

- All member of the Executive Council and Board of Directors are elected by the SSR membership

SSR Invests in Trainees

- Postdoctoral fellows, graduate students, and undergraduates are welcomed as Trainee members.
- Trainees members
 - are active within SSR
 - elect trainee members to serve on the Board of Directors
 - trainee members are appointed to some SSR Committees
 - receive discounts on meeting registration
 - are eligible for travel grants
 - compete for presentation awards at meetings

SSR Research

Research Areas

- Basic Science
- Translational Studies
- Human Clinical Medicine
- Food Animal Production
- Veterinary Medicine
- Zoo/Endangered Species
- Education

Research Topics

- Gametes
- Gonads
- Reproductive Tract/Lactation
- Reproductive Development
- Fertilization/Implantation/Pregnancy
- Endocrinology
- Reproductive Toxicology
- Fertility/Infertility/Contraception
- Reproductive Behavior

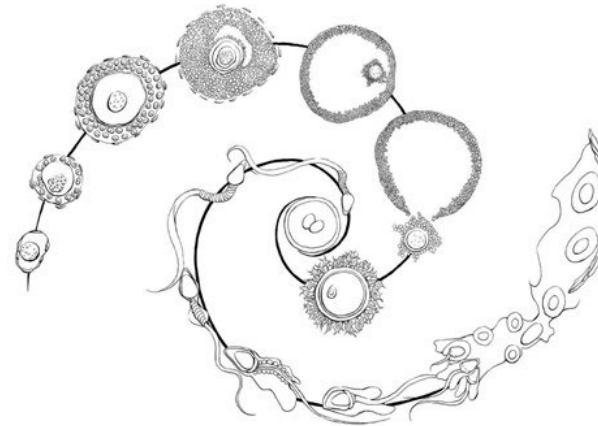

Funding:

- NIH
- USDA
- DOD
- NASA
- Gates
- Michelson

SSR's Journal: Biology of Reproduction

BOR is consistently one of the most highly cited journals publishing original research in the field of reproductive biology.

IMPACT FACTOR

4.285

5 YEAR IMPACT FACTOR

4.307

Key Event: SSR Annual Meeting

Attracts 800-1,000 attendees– Hybrid this year

SSR 54TH ANNUAL MEETING

Reproductive Biology:
Solutions for Adult Disease

Dec. 15-18, 2021 | St. Louis, MO

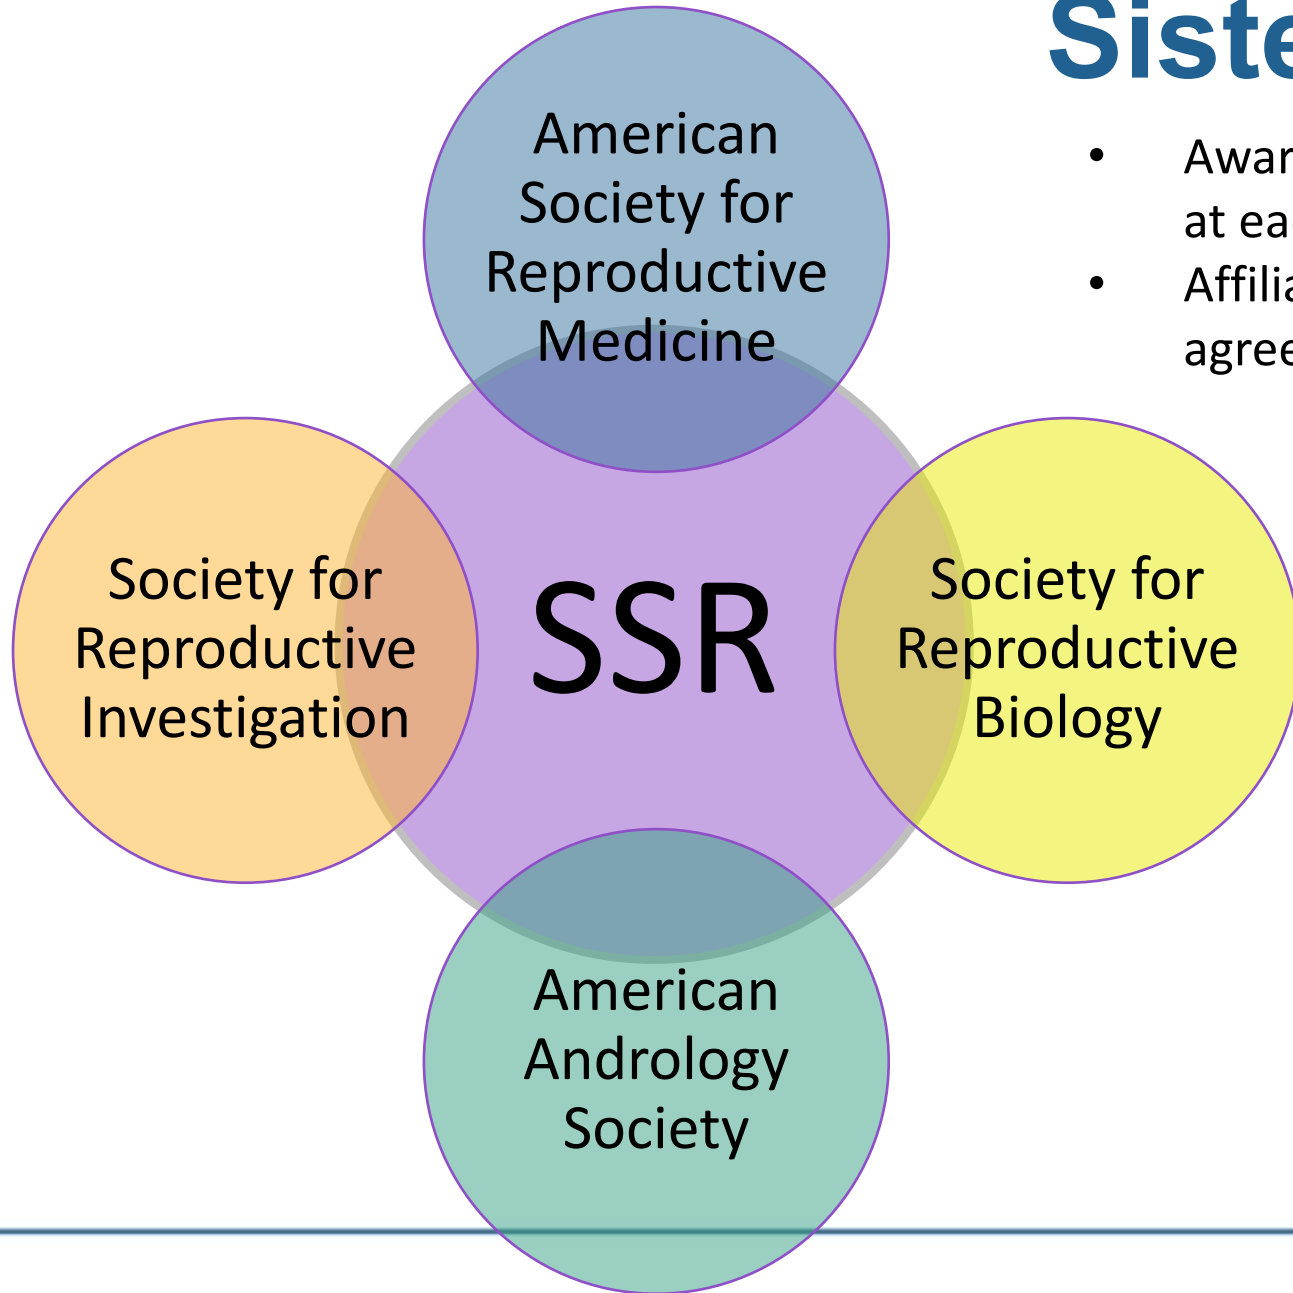

More than an Annual Meeting

- **Contraceptive Symposium**
 - Virtual annual event
 - Attracts 300-400 attendees
 - Keynote speakers, platform talks, and posters
 - Content is available to the public
- **Monthly Webinars** – new topic each month!
- **SSR Podcast: The Future Conceived**

Sister Societies

- Award winners give major talks at each other's Annual Meetings
- Affiliate membership agreements
