

FASEB Policy on Statements Regarding Social Justice Issues

FASEB is often approached to issue statements related to social justice issues or in response to incidents of national concern. Statements may be issued if the topic is consistent with FASEB's strategic plan, priorities, Board-approved policies, and/or existing initiatives. Any statement issued by FASEB must include a commitment to action and be approved by the Executive Committee and/or the Federation Board. Barring exceptional circumstances, FASEB will not issue a statement:

- Requested by nonmember organization
- Related to a nonscientific issue

Approved by the FASEB Board on March 16, 2023
